

# Don't let Wall St. Push You Out!

*Support 5 important bills  
that really make a difference:*

1. **Post-foreclosure Rental for Homeowner (S807):** Institutions that buy at auction should have to let homeowners stay & rent.
2. **One Court to get Your Home Back (S871):** We need a dedicated Foreclosure Court with Judges interested in our cases.
3. **Banks should have to File in Registry of Deeds (S805):** We have a right to timely know who REALLY owns our mortgage.
4. **Cities/Towns should be able to Stop Foreclosed Properties from Degrading (H1498)** while in foreclosure.
5. **Judicial Review (S852):** Owners who are victims of predatory loans should have their day in court.

Supporters stop eviction of family after foreclosure. We shouldn't have to do this!

## *Statehouse Public Hearing*

**Tuesday, May 12, 1:00pm**

**Hearing Room A2 (1<sup>st</sup> floor rear)**
