The Assembly will bring together issues that our communities are fighting for (such as jobs, housing, community control) with a focus on the struggle for a **Just Cause Eviction** law. Join hundreds (renters, homeowners, low wage workers, people of color, immigrants, and many others) who will share their story about the displacement crisis & plan how to win our #RIGHT2REMAIN!

The Right to Remain Coalition is anchored by Right to the City Boston & Boston Tenant Coalition.
