1/16/24--HOMEOWNERS SPEAK OUT: DEMAND MA SUPREME JUDICIAL COURT BREAK ITS 47 YEAR SILENCE AS TO DISCRIMINATORY AND CONSTITUTIONALLY PROHIBITED TAKING OF THEIR HOMES AND LAND

The Mass. Alliance Against Predatory Lending homeowner foreclosure-fighters are holding press conferences across Massachusetts – to demand that the Mass. Supreme Judicial Court ends its 50-year silence on constitutional provisions and laws which outlaw discriminatory predatory lending. The lack of the “Aggressive enforcement” state Government leaders called for in the 1990s has allowed historic rates of predatory loans to be targeted at individuals and communities; this has led to a historic rate of foreclosures, economic, personal, familial and neighborhood damages *which the Supreme Judicial Court’s Action now could still repair.*

In just 4 years, 2006-2010; US median Black wealth lost 54%; Latino wealth 66%; and Asian wealth 34% (for the loss ascribable to foreclosures.)

Homeowners will tell individual stories, show how they demonstrate extensive illegal patterns and call for justice now.
